Online privacy policy

Version 1, published 2026-10-08. Source: https://afgfinance.app/online-privacy

This policy explains what information this website collects when you visit it and how we use it. Our privacy notice explains how we handle personal information about people who apply for or have a contract with us.

Information you give us

When you check your options, apply, create an account, or contact us, you give us information such as your name, contact details, income, and housing costs. You enter your Social Security number only on a secure step of the application. It is sent straight to our loan system and is not stored by this website.

Information collected automatically

Our servers record technical information when you visit, such as your IP address, browser type, the pages you request, and the time of each request. We use it to keep the site secure, prevent fraud, and find and fix problems.

Cookies

We use only the cookies this site needs to work: to keep you signed in, to protect forms against forgery, and to remember an application you have started. We do not use advertising cookies, and we do not let other companies track you across websites through this site.

How we use information

- To respond to your requests and process your application
- To service your contract and send you notices
- To keep the site and your account secure and prevent fraud
- To meet our legal obligations

How we share information

We share information collected through this website only as our privacy notice describes: with service providers that help us run the site and process applications, under contracts that require them to protect it, and when the law requires it. We do not sell personal information.

Do Not Track and Global Privacy Control

Because we do not track visitors across websites, we treat every visit the same way whether or not your browser sends a Do Not Track or Global Privacy Control signal.

Security

We protect information with encryption in transit and at rest, access controls, and monitoring. No website can be completely secure, so please keep your password private and sign out on shared devices.

Children

This website is not meant for children under 13, and we do not knowingly collect information from them. You must be at least 18 to apply.

Changes to this policy

When we change this policy, we post the new version on this page. The version number and publication date appear in the PDF version of this page.
